

**WILLIAM R. JOHNSON
OUTSTANDING THESIS AWARDS**

2006

Koteswara Rao Gottipati

M.S., December 2006

“Passive Cigarette Smoke Inhibits UV Induced Skin Tumors in Mice”

Co-Directed by Dr. Beatrice Ann Clack, Associate Professor of Biotechnology

College of Sciences and Mathematics

Co-Directed by Dr. Barry Starcher, Adjunct Professor

University of Texas Health Center at Tyler

2005

Jason Brian Grogan

M.S., August 2005

“Southern Pine Beetle Infestation Probability Mapping
Using Weights of Evidence Analysis”

Directed by Dr. David L. Kulhavy, Regents Professor

College of Forestry and Agriculture

2004

Mohammad Mnawer Bataineh

M.S.F., May 2004

“Community Classification in the Davis Mountains Sky Islands:
Ponderosa Pine (*Pinus ponderosa* Laws) and Adjacent Communities

Directed by Dr. Brian P. Oswald, Professor

Arthur Temple College of Forestry

2003

Christopher David Knowles

M.S.F., August 2003

“Wood Properties of Finger-Jointed Southern Pine”

Directed by Dr. Edward F. Dougal, Assistant Professor

Arthur Temple College of Forestry

2002

Paul David Jones

M.S.F., December 2002

“Assessment of Basic Specific Gravity of Southern Yellow Pine Trees
Sampled at Twenty Percent of Total Tree Height”

Directed by Dr. Edward F. Dougal, Assistant Professor
Arthur Temple College of Forestry

2001

Jose Montenegro Fragoso

M.A., December 2001

“Personality and Psychopathology as Measured with the MMPI-2 Among
Mexican Villagers, Immigrants, and Americans”

Directed by Dr. Michael E. Walker, Assistant Professor, Psychology

Barbara Sealine Stump

M.S., August 2001

“Site Analysis and Design of the Ruby M. Mize Azalea Garden”

Directed by Dr. David L. Creech, Professor, Agriculture

2000

Jennifer McFarland

M.A., May 2000

“Development of a Polymerase Chain Reaction Assay to Identify *Emeria maxima* Oocyst”

Directed by Dr. Tim Cherry, Professor, Agriculture

1999

Ching-Hsun Huang

Ph.D., December 1999

“Economic Analysis of Carbon Storage in Loblolly Pine Plantations”

Directed by Dr. Gary D. Kronrad, Professor
Arthur Temple College of Forestry

1998

Mary Anne McGuire

M.S.F., December 1998

“Effects of Stock Type, Fall Nursery Fertilization and Ectomycorrhizal Inoculation
On Survival of Longleaf Pine (*Pinus palustris Mill.*) Seedlings Planted on Lignite Minespoil”

Directed by Dr. Hans M. Williams, Associate Professor
Arthur Temple College of Forestry

1997

Jennifer S. Key

M.S.F., August 1997

“The Hydrologic and Biogeochemical Functions of Five Texas Bottomland Hardwood
Wetlands Using the U.S. Corps of Engineers Hydro geomorphic Assessment Technique”

Directed by Dr. Hans M. Williams, Associate Professor
Arthur Temple College of Forestry

1996

Carol J. Sanderson

M.S., December 1996

“Better Angels: A Novel of the Civil War”

Directed by Dr. Leon J. Schultz, Professor, English and Philosophy

1995

Sethuraman Srinivasan, Jr.

M.A., August 1995

“Farewell to the Solid South: Liberalism and Southern Democrats in Congress, 1969-1994”

Directed by Dr. William J. Brophy, Professor, History

1994

James Leo Simmons

M.A., August 1994

“*King Lear*, Shakespeare’s Modern Drama: A Study of Existential Ideals in *King Lear*
and the Presentation of Such Ideas in Modern Cinema”

Directed by Dr. Barbara Carr, Professor, English and Philosophy

1993

John David Payne

M.S., August 1993

“Analysis of Metals in a Reservoir Receiving Runoff from the East Texas Oil Field”

Directed by Dr. Jack D. McCullough, Professor, Biology

1992

Cheryl Kay Wiederhold

M.A., December 1992

“The Young Child’s Theory of Mind: Do Three Year Olds Understand False Belief?”

Directed by Dr. James R. Speer, Professor, Psychology

1991

Edith Wylie Miller

M.A., August 1991

“Harriet Monroe: The Formative Years”

Directed by Dr. Hebe R. Mace, Associate Professor, English
